

Please do not allow these companies to be able to call. I am so tired of these calls. I did sign up for the "DO NOT CALL LIST". I do not want anyone to call me. i think that this list should also include non-profit companies, survey calls, and companies calling for donations. If i want to do a survey or donate money, i should have the right to do this in my own way. i have gotten alot of harrashment from companies wanting donations. i have a very low income family and receive state assistance. do you think i have the money to to be donating???? well i sure dont think so. if that was the case, i wouldnt need the state to give me any type of assistance. thank you for the time you have given me to voice my opinion.
